KNOW THE WEATHER

By E. H. SIMS

It is true that clear weather frontal systems from the northwest bring with them a different smell (in the air.)

We commented once before that the air sometimes does smell differently. In the fall, when cooler clear frontal systems often move in on us and produce football and hunting weather, people sometimes say they smell the odor of the north woods.

And that is possible. The air we have over us today was probably about six hundred miles to the west or northwest yesterday and it may well have been over a fir tree forest or over the great forests of Canda etc.

And it may have brought with it just a faint odor of the forests.

For 1962...an all-new kind of Ford!

the car that's just right for just about everybody
right size... right price...
You've never seen anything like it, because *there's never been anything like it* . . . until today. On the outside the new Ford Fairlane 500 measures a quick 197 inches from stem to stern. A good foot shorter than the cars from which it borrowed its name, it calls the snuggest parking places home. At the same time, *on the inside* the new Fairlane 500 is every inch as big as some of the biggest Fords ever built.
The new Fairlane 500 is priced way under previous Fairlanes, well under many compacts. But Fairlane economy doesn't stop with a pretty price tag. It runs to amazing gas savings—with the world's first economy V-8 or the nickel-nurning Fairlane Six. Routine service is reduced to a minimum—30,000 miles on many items, only twice a year or 6,000 miles on the rest. And it adjusts its own brakes.
right between Galaxie and Falcon
RIGHT! Big-car room, ride, performance.
RIGHT! Compact-car price, economy, handling.
RIGHT! Only car anywhere near its price with the twice-a-year maintenance schedule first introduced by Galaxie.
RIGHT! Unique economy choice: the world's first economy V-8 or the delightfully thrifty Fairlane Six.
RIGHT! Fine-car upholsteries, appointments, luxuries.
RIGHT! The built-in value that pays off in pleasure now—and in profit when it comes time to trade.
RIGHT! Quality and precision craftsmanship you've never before enjoyed in any car anywhere near its low price.
